Note to Customers:

The following is a list of perennial plants that Broadway Gardens expects to have in stock for the season. Customers should be aware that certain selections may not be available due to excess demand, crop failure, disruptions in supplier availabilities, or other unforeseen events.

The information provided below regarding specific plant heights, etc. was gleaned from the observations of a number of growers and botanical authorities. However, we have sometimes found considerable disagreement among authorities, particularly in regard to plant heights some species and cultivars which can be significantly influenced by such factors as variables in climate (and microclimates), soils, rainfall, irrigation and fertilization practices. Therefore, all information provided should be considered as estimates or averages and used as only a general guide. Do not be surprised if the performance of a plant in your garden deviates somewhat from what we have described. In fact, we would appreciate hearing what your experiences and observations are or have been in regards to such issues with particular plants.
